Supporting Students' Mental Health

Students Are Stressed and Angry: How to Avoid Conflicts and Power Struggles

Wednesday, December 2, 2026

8:30-11:30 or 12:00-3:00

Presented by David D'Antonio, M.A.

TAP Consultant

A student that is struggling with mental health concerns may sometimes have a severe emotional outburst that requires staff to help this student regain emotional control. This virtual workshop will discuss strategies to prevent most student conflicts and appropriate strategies to de-escalate conflicts when they do occur. Topics include:

- Creating and maintaining preventive interventions for students with significant behavioral health concerns
- Early identification of problem behaviors and strategies for appropriate intervention
- Avoiding power struggles and techniques to handle non-compliant, disruptive and possible aggressive behavior
- Strategies to reduce your own stress

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
