

**REQUEST FOR BID
(RFB 2007-017)**
STUDENT NUTRITION SERVICES – (Food – Non Food) BID
July 1, 2007 – June 30, 2008

INSTRUCTIONS TO BIDDERS

1. **INVITATION:** The public educational institutions, which are members of Cooperative Educational Services (CES), 4216 Balloon Park Rd NE, Albuquerque, New Mexico 87109, invite you to submit a bid for student nutrition services---food and non-food items, as identified in the attached CES Catalog for food and non-food items, in accordance with the following specifications.
2. **SUBMISSION OF BIDS:** All bids must be received no later than **1:30 p.m. Local Time, Friday, May 25, 2007** at the CES office, at which time they will be opened and publicly reviewed. Bids must include the Bid Cover Sheet with the non-collusion affidavit, signature, name, address and phone number of the company, the name of the person submitting the bid, the completed Vendor's Bid list and CES Member's Served check off list. Marked on the front of the bid envelope must be the statement:

**STUDENT NUTRITION SERVICES (Food – Non Food) BID
(RFB 2007-017)**

The date and time will be stamped on the bids as they are received by CES. Bids received later than the deadline will not be considered. The vendor is responsible for CES' timely receipt of their bid.

LISTING OF TERMS, CONDITIONS AND SPECIFICATIONS

1. All bid items must be available for the calendar months indicated above at the CES established price. All bid items must be equal to or better than the quality specified. On the forms provided, bidders must fill in the **brand name of the products offered, the lot and size of packaging of the product to be delivered and if the product offered does not match the count, weight, grade, unit size and serving portions indicate such data along side the price quote corresponding with the item stated in the food catalog listing.** On the **Vendor's Bid List** response form please indicate any deviation and/or exception on those items, where applicable. Where indicated, CN Labels (Child Nutrition) or sheets must be provided with the bid response. A multiple award may be made on an item-by-item basis. CES will also identify a single vendor for each participating member that is most advantageous. Members will then have the option of ordering all items from one vendor, or choosing on an item-by-item basis from various vendors, per the award. Quotes should be made as a delivered single unit as listed with no limitations on quantity. CES reserves the right to accept or reject any substitutions or modifications of delivery packaging requested. Be specific in identifying information regarding pack size and quantity on items bid. This will facilitate the evaluation team's ability to better analyze price and products.
2. All produce and dairy products shall comply in all respects to all standards and regulations established by federal, state and/or local laws, codes, and regulations governing and controlling the public consumption of these products.
 - A. Because the price of items within these two product lines change periodically, prices submitted by respondents must be based on current market list price less percentage discount offered to CES members purchasing under this solicitation. Vendors proposing items under these two product lines must:
 1. For evaluation purposes provide what would be the current CES prices for the week of May 21 – 25, 2007. These prices shall appear in the unit price of the respondent's bid sheet. Within the alert column of the bid sheet, provide the percentage of discount offered on that item's current market price.
 2. Vendors awarded items under these two product lines will be required to furnish CES, and if requested CES members, a weekly or monthly published price list (indicating CES prices) as a basis for placing their order for the following week. Failure to do so will affect vendors of future solicitations.

INSTRUCTIONS TO BIDDERS

Student Nutrition Services (Food – Non Food) RFB 2007-017

Page 2

- B. If respondents have any special terms, conditions and/or stipulations regarding these two products lines, they must note them and include them within their response. CES and its members reserve the right to accept or reject respondent's additional requirements.

3. **Ordering and Billing:**

- A. Specific items will be ordered, via direct interaction with sales representative, phone or computer, from the supplier by the educational institutions, as authorized by the CES member's representative. Each order must be accompanied by an original and one copy of the delivery ticket, with the original delivery ticket being signed by the CES member's representative. CES will be invoiced directly from the supplier on a monthly basis. **The supplier shall provide CES a copy of the delivery tickets, credit memos, and an itemized invoice prior to CES processing payment.**
- B. Vendors have the prerogative to refuse individual orders less than \$400; however, CES members are not limited as to the number of orders they may place. The vendor in conjunction with the CES member will determine delivery dates at time of orders being placed. The number of vendors awarded under this solicitation will be based on responses received and to the extent they meet the individual CES member's needs. Members may individually elect to participate or not participate on either an "all or none", or an "item-by-item" basis. CES guarantees no minimum order on any or all items.

4. **Payments:**

- A. Payments for all items obtained by CES members from this Request for Bid (RFB) will be made by the member to CES. Vendors will not receive any form of payment from the members. Items must be invoiced to CES.
- B. Payment to the vendors will be made on or before the 20th of each month, **provided CES receives vendor invoices, credit memos and delivery tickets on or before the fourth business day of each month.**

5. **Performance and Product Requirements:**

- A. Food products must be in compliance with HACCP (Hazard Analysis Critical Control Points) standards and provide related documentation as requested.
- B. Products offered must have Nutritional Data sheets, where applicable, on file in the CES office within 30 days of contract award.
- C. Food products must be processed in the United States. Federal regulations require school districts to purchase domestic products unless the product is not of domestic origin.
- D. No damaged cases or packages will be accepted.
- E. Products will be delivered in the original package of the manufacturer.
- F. Vendor will provide a usage report for participating members to CES one month prior to the conclusion of the bid period.
- G. Vendor shall be responsible for any shortages in delivered products; shortages will be corrected within two days.
- H. Unless specifically noted in a specification, the number of units per package is a suggested quantity. Vendors may propose other packaging. Note packaging variances on bid response.
- I. All storage conditions must follow the climate recommendations of the Refrigeration Research Foundation. The vendor's warehouse facilities will ensure frozen foods be stored at 0° F or below and chilled items stored at 36° F (32- 48° depending on manufacturer's recommendations).
- J. Delivery temperature of frozen and chilled foods shall be in accordance with the Association of Food and Drug Officials (AFDO) Code as recommended by the Food and Drug Administration (FDA).
- K. Milk and dairy products that require refrigeration will be delivered in a refrigerated truck to a school for immediate placement in a refrigerated storage area. School milk should be in the range of 30 – 38° F when delivered.
- L. No substitutions will be permitted, unless authorized by the school district or CES. When a product on the contract is not available, a similar product of equal or superior quality maybe substituted at the same or lower price.
- M. Products submitted in the bid and sold under this contract shall meet or exceed all standards applicable to the products.

INSTRUCTIONS TO BIDDERS

Student Nutrition Services (Food – Non Food) RFB 2007-017

Page 3

- N. All work will be accomplished in conformance with OSHA safety requirements, and any additional federal, state, or local requirements.
- O. Vendor drivers and delivery personnel will act in a professional manner while on school property. Delivery personnel will be dressed in a clean industry standard or company uniform.
- P. Vendor buildings, fixtures, and other physical facilities used to supply food shall be maintained in a sanitary condition and shall be kept in repair sufficient to prevent food from becoming adulterated.

6. **Product Pricing:**

- A. CES is subject to an educational discount and is tax exempt for food purchases. Due to the length of contract and that the awarded vendor's cost from their suppliers/distributors may fluctuate during the contract term. CES will require the vendor to hold their bid price for three (3) months and at the end of the three months prices may be adjusted by the vendor providing CES with proper documentation to justify such price changes. This does not apply to dairy or produce.
- B. Price adjustment(s) may be submitted fifteen (15) business days prior to the end of each three month period of the contract. CES reserves the right to accept or reject any price adjustment that it determines not to be in the best interest of its members. The accepted prices will become effective upon the first day of the following month. The following will apply.
 - 1. The adjusted prices must be made available to all members equally.
 - 2. The adjusted prices will be in place for a three (3) month period.
 - 3. The vendor shall provide CES with documentation from its suppliers/manufacturers indicating the amount of increase/decrease they are going to encounter.
 - 4. CES shall utilize a market analysis to assist it in making its determination on price adjustments requested.
 - 5. CES is to be notified and have the new prices on record prior to any offer of the new prices to a CES member.

- 7. **Termination:** At its discretion, without penalty CES, reserves the right to terminate or cancel this solicitation any time, for any reason, or to reject any or all bids.

8. **Evaluation:**

- A. To qualify for evaluation, a bid must be responsive, must have been submitted on time, and must materially satisfy all mandatory requirements identified throughout the RFB. To be considered responsive, a bid must reasonably and substantially conform to all of the specified requirements in the RFB in the judgment of the procurement officer. Any deviation from requirements indicated herein must be stated on an attached sheet(s). Otherwise, it will be considered that bids are in strict compliance with all requirements, and any successful vendor will be held responsible thereafter. Deviations or exceptions stipulated in vendor responses, while possibly necessary in the view of a particular vendor, may result in disqualification during the evaluation process. Terms of the RFB that any vendor considers particularly unwarranted, and to which that vendor would have to take significant exception in the response, should be stated in the bid clearly and concisely.
- B. Cost evaluation will be on a point system with points being awarded for being low to high bidder for each item bid. The scoring matrix will consist of two parts.
 - 1. **Product Availability:** The tallying of the number of low bids, second low bid, third low bid and fourth low bid that each respondent has accumulated for all items requested. Points will be awarded in the following manner.
 - a. The bidder having the greatest number of low bids will receive 100 points. The other bidder's points will be determined by taking their number of low bids and dividing by the greatest number of low bids and multiplying by 100 equaling the bidders score.
 - b. The same calculations as described in item A above will be duplicated for second low bids with 75 points given to the bidder getting the greatest number.
 - c. The same calculations as described in item A above will be duplicated for third low bids with 50 points given to the bidder getting the greatest number.

INSTRUCTIONS TO BIDDERS

Student Nutrition Services (Food – Non Food) RFB 2007-017

- d. The same calculations as described in item A above will be duplicated for fourth low bids with 25 points given to the bidder getting the greatest number.
- e. Each bidder will receive a total score.
2. Advantages Vendor: A market basket of eighty (80) items most often ordered during the last contract cycle will be applied to the same matrix identified in item 1 above and bidders given a total score.
3. Bidder's score from part one and two will be combined to get a total score and bidders will be ranked high score to low score.

9. **Bid Award and Notification:**

- A. Due to the four hundred (\$400) dollar minimum order and past buying habits of its members, CES is only going to make awards to vendors on an item by item basis, who have been determined to have submitted low bids on twenty (20) or more individual items.
- B. Contracts will be awarded to vendors based upon cost ranking and availability of service to CES members and a single vendor per CES member will also be identified as primary vendor.
- C. Pre-award written notification to all respondents will be mailed by Monday, June 11, 2007 with final notice going out on June 25, 2007.

10. **Insurance:** The vendor must, at their own expense, possess and maintain insurance that will protect the vendor from all claims that may arise out of or as a result of the vendor's activities under this contract and along with those activities performed by the vendor's subcontractors, by anyone directly or indirectly employed, by any of the vendor's suppliers, or by anyone for whose acts may be liable during the entire performance period of this contract. The successful Offeror must provide CES with a Certificate of Insurance prior to official award. If the insurance policy changes occur during the life of the contract, it is the vendor's responsibility to provide updated proof of coverage to CES. Offeror shall submit proof of coverage under the Workman's Compensation Insurance, as required by the Labor Laws and New Mexico Statutes. Offeror shall submit a certificate of general liability insurance for the personal injury, occupational disease, sickness or death, and property damage. Insurance shall include "occurrence" claim provisions. Minimum acceptable coverage is \$1,050,000 combined single limit for bodily injury and property damage, or \$750,000 bodily injury and \$300,000 property damage (each occurrence). The Offeror shall name CES and its members as co-insured up to the limits of the Tort Claims Act which will hold CES and its members harmless from any claims that might occur during the performance of this contract.

11. **Liability:** The vendor shall hold CES harmless from and shall indemnify CES from and against any and all claims, demands and causes of action of whatever kind or nature asserted by any third party and occurring or in any way incident to, arising out of, or in connection with the contractor's conduct of the contract awarded as a result of this procurement process, to the extent the negligent act or failure to act or willful act of the vendor, its agents, representatives or employees is deemed to be the cause of the resulting personal injury or property damage claimed.

It is expressly agreed that, to the extent it is determined that the damage claimed was in part caused by the negligence of CES or other parties, the vendor's liability pursuant to this indemnification provision shall not be greater than that portion of the total liability in the same proportion as vendor's negligence bears to the entire negligence giving rise to the liability.

12. **Questions:**

Submit all questions about the RFB in writing to Cooperative Educational Services (email to bids@nmedu.org, fax 505-344-9343), or mail to Max Luft, Executive Director.

Replies will be made via the website (www.ces.org//ces/jobrfp/rfprfb_lst.asp) as addenda and will become part of the bid documents. Those not having access to the Internet may call CES either to determine if addenda have been issued or to request to CES by phone or fax that copies of the addenda be mailed. Questions received less than seven (7) days prior to bid due date will not be answered.

BID COVER SHEET

SCHOOL FOOD BID RFB 2007-017

COMPANY: _____

NAME: _____ POSITION: _____

ADDRESS: _____

PHONE: _____ FAX: _____

E-MAIL: _____

The undersigned, duly authorized to represent the persons, firms and corporations joining and participating in the submission of the foregoing bid (such persons, firms and corporations hereinafter being referred to as the Bidder), being duly sworn, on his oath, states that to the best of his belief and knowledge no person, firm or corporation, nor any person duly representing the same joining and participating in the submission of the foregoing bid, has directly or indirectly entered into any agreement or arrangement with any other bidders, or with any officer or employee of Cooperative Educational Services (CES), or any person, firm or corporation under contract with CES whereby the Bidder, in order to induce the acceptance of the foregoing bid by CES, has paid or is to pay to any other bidder or to any of the aforementioned persons anything of value whatever, and that the Bidder has not, directly or indirectly entered into any arrangement or agreement with any other bidder or bidders which tends to or does lessen or destroy free competition in the letting of the award sought for by the foregoing bid.
