SECTION I INSTRUCTIONS TO OFFERORS

A. INTRODUCTION

Parties to the Joint Powers Agreement to Establish an Educational Cooperative through its administering agency, Cooperative Educational Services (CES), invite experienced contractors to submit proposals in accordance with the outlines and specifications contained herein. Proposals are requested from qualified respondents to provide products and services for Cooperative Educational Services. Selection for award will go to the responsive offeror whose proposal is most advantageous to CES. The method by which the offeror or offerors will be selected is detailed further in the evaluation section.

B. EXAMINATION OF DOCUMENTS

Offeror will carefully examine the Request for Proposals, which includes Instructions to Offerors, Scope of Work and Specifications, Conditions Leading To and Including Contract Award and Proposal Forms.

C. QUESTIONS

Submit all questions about the Request for Proposals (RFP) in writing to Cooperative Educational Services, Attn: Max Luft, Executive Director, email to bids@nmedu.org, fax 505-344-9343, or mail to 4216 Balloon Park Rd. NE, Albuquerque, NM 87109. Replies will be made via the website (www.nmedu.org) as addenda and will become part of the proposal documents. Those not having access to the Internet can call CES, either to determine if addenda have been issued, or to request of CES by phone or fax that copies of the addenda be mailed. Questions received less than seven (7) days prior to the proposal due date will not be answered.

D. PROPOSAL SUBMISSION

1. Preparation of the Proposal

- a. By submitting a proposal under this solicitation, the Offeror acknowledges that all documents requiring a signature have been reviewed and signed by a director, officer or manager of the submitting firm who has sufficient knowledge, background and understanding to fully address all matters, respond to all inquires and complete all documents required by the solicitation; the information and documents provided are truthful, accurate and complete; and that the firm and the individual responsible for the submittal shall be fully responsible and bound by all information, data, certifications, disclosures and attachments included in the RFP document and the Offeror's response.
- b. Proposals will be submitted on either unaltered proposal forms furnished by CES or a reasonable facsimile thereof. Telegraphic offers, electronic mailgrams or facsimile machine offers will not be considered.
- c. The Offer, Acceptance of Offer and Contract Award document must be submitted with original ink signature by the person authorized to sign the same. If a company or corporation submits the proposal, an official or duly authorized agent will sign the proposal. Powers of Attorney, which authorize agents or others to sign proposals, must be properly certified by resolution of the board of directors, attested to by the secretary of the corporation, and attached to the proposal. Mistakes can be corrected

- prior to opening, but must be initialed by the person signing the proposal. Corrections and modifications received after the opening time will not be accepted.
- d. In case of an error in extension of prices in the offer, unit prices will govern.
 - e. Periods of time stated as a number of days will be in calendar days, not business days.
 - f. It is the responsibility of all Offerors to examine the entire RFP package and seek clarification of any item or requirement that may not be clear and to check all responses for accuracy before submitting an offer. Negligence in preparing an offer confers no right of withdrawal after due time and date.
 - g. The Offeror's ability to follow the proposal preparation instructions set forth in this solicitation will also be considered to be an indicator of the Offeror's ability to follow instructions, should they receive an award as a result of this solicitation. Any contract between CES and a contractor requires the delivery of information and data. The quality of organization and writing reflected in the proposal will be considered to be an indication of the quality of organization and writing which would be prevalent if a contract is awarded. As a result, the proposal will be evaluated as a sample of data submission. Subjective judgment on the part of CES evaluators is implicit in this process.

2. Format of the Proposal

- a. One (1) original of the proposal will be submitted on the forms and in the format contained in the RFP and must have original signatures. The proposal will contain all descriptive literature, specifications, samples, etc. The proposal will be submitted in a three-ring binder.
- b. The forms as contained in and format as requested in the RFP will be used. Offerors can reproduce the forms and retype the information, but all of the required information must be presented in the order requested. All proposals must be completed in ink, on a computer or typewritten. Forms can be filled in by hand, but must be printed.
- c. In preparing a proposal, a contractor must present a point-by-point response to each relevant term, special consideration, or specification. A response that says "See Appendix," "Acknowledge," or "Understood" is not acceptable and may be sufficient to render the proposal as non-responsive. Usually, on a term or condition, either the word "Accept" is appropriate or the word "Exception" with a clarification. Should the Offeror take any "exceptions" to this RFP, a summary of those items must be included in the response to be considered valid. Exceptions can be accepted, negotiated or rejected by CES.
- d. In addition to 2a to 2c of this Section, the Offeror is to provide an electronic copy of the proposal on a CD-R or CD-RW in either or combination of the following file formats: Adobe PDF (pdf), Rich Text Format (rtf), and Microsoft Word (doc) or Microsoft Excel (xls). The CD is to be laid out in the same format as Content of the Proposal (see below).

3. Contents of the Proposal

In order to ensure that every proposal receives a fair evaluation, it is required that each offeror organize its proposal in the following manner:

Step One: Obtain a three-ring binder and a set of 10 index dividers.

Step Two: Prepare your Table of Contents with the tabs in this order:

- Tab 1: The Offer
 - Signed Offer (page 29) **Form A**
 - The Affidavit, notarized signature required (page 30) **Form B**

Step Three: Go to the last page of this RFP and prepare the Submission Check-Off Form. Sign it and place it after Tab 9. Send your proposal to CES so that it arrives on or before Friday, May 22, 2009, at 1:30 p.m. local time.

Proposals must be submitted in a sealed envelope/package with the proposal number, date and time of proposal opening clearly marked on the outside.

Step Four: Before you seal your proposal, ask yourself this question, “Did I really give my best prices to CES?” Be sure the Offer is signed and that all forms are enclosed. After verifying this has been done, make a copy of the proposal for yourself. Submit your proposal to CES.

4. Offeror Qualifications

All proposals must contain answers or responses to the 10 items listed below. Any offeror failing to answer these questions completely may be considered non-responsive. Please arrange your responses by placing them after Tab 4. One essential part of the evaluation process is for the evaluators to have information about the company being evaluated. For the evaluators to know if the proposal being read is within the capability of the offeror, factual information about the offeror is vital. After the evaluation process is finished and a contract is awarded, the information may be provided to the CES members considering the purchase. This is your opportunity to present your company to those interested evaluators and, if awarded, member staff of our members.

- a. Write a brief history of your company that includes its philosophy of doing business. Generally, CES will not accept an offer from a business less than three (3) years old or which has failed to establish a proven record of business. If the offeror has recently purchased an established business or has proof of prior success in this business or a closely related business, please provide written verification. CES reserves the right to accept or reject newly formed companies solely based on information provided in this response and from its own investigation of the company.
- b. Provide with this RFP a certificate of verification of insurance listing minimum and maximum coverage for commercial liability, vehicle, and property damage. CES is not asking you to acquire additional or special insurance for this contract. CES needs proof that you are insured. Before any work can commence, you must provide a certificate that names CES as a certificate holder. Normally, this is a free service provided by an insurance company.
- c. The offeror shall maintain professional liability insurance covering any error or omission committed during the term of the contract. The offeror shall provide proof of such insurance to the CES and State Auditor with the firm profile. The amount maintained should be commensurate with risk assumed. The offeror must provide to the CES and State Auditor, prior to expiration, updated insurance information. (2.2.2.8 E NMAC)
- d. Indicate where the headquarters of the company are located. Provide address, city, and state, and if there are branch offices in New Mexico, please also supply those. Note how long your firm has been performing governmental audits in New Mexico. Indicate the number of firm team members and the total audit hours available.
- e. Indicate any relationship you or any staff has had with CES as an agency or employees of CES during the last five (5) years. (2.2.2.8 H NMAC)

- f. Provide a copy of your continuing professional education (CPE) for compliance with GAGAS Section 3.46. (2.2.2.14 A NMAC)
- g. Provide a copy of your External Quality Control Review (Peer Review), including letters of comments. (2.2.2.14 B NMAC)
- h. Provide a list of governmental entities for whom you have done audits in the past five (5) years, including Joint Power Agreements, school districts, regional cooperatives, universities and community colleges, state schools and any Bureau of Indian Education schools.
- i. CES is unique within the State. Indicate the scope of the CES audit. List rules and regulations that you believe need to be reviewed in this audit. Identify items to be reviewed. Provide an outline of the audit document. Demonstrate your understanding of CES by stating how CES should use the audit document. CES has no component units. (2.2.2.10 A NMAC.)
- j. Provide a technical plan and a realistic timeline for the audit. Indicate the major segments and related activities in each segment, staff hours allocated to each activity and start and end date for each segment. (2.2.2.8 B (5)(b)(ii) NMAC)
- k. Indicate plans for using CES staff. (2.2.2.8 B (5)(b)(iii) NMAC)
- l. If you are proposing a multi-year contract, review the approach you would use for planning and conducting the work effort in the second and in the third years. (2.2.2.8 B (5)(b)(iv) NMAC)
- m. The firm will identify by name and title the on-site manager and upper management to be assigned the CES audit, including firm's manager, CEO or partners. Describe the background and qualifications of each person to be assigned to work this contract, including the education, experience and tenure with the firm. Note specifically the experience in working with Joint Powers Agreements, regional cooperatives, school districts, universities and community colleges, state schools and Bureau of Indian Education institutions. Any senior staff member who is to be a part of this contract that has been terminated from a professional position within the past seven (7) years must provide information about the termination. CES reserves the right to approve and/or reject any senior staff member assigned by the offeror to work the contract based on the information submitted. Contractor agrees to update the qualifications brief of senior staff members assigned on a yearly basis. For new senior staff members to be assigned to the contract, the contractor will provide all of the above information prior to appointment to the contract. (2.2.2.8 B NMAC)
- n. Identify GASB 34 training and experience.
- o. The firm will identify by name and title support and technical personnel to be assigned to the CES audit. Describe the background and qualifications of each person to be assigned to work this contract, including the education, experience and tenure with the firm. Note specifically the experience in working with Joint Powers Agreements, regional cooperatives, school districts, universities and community colleges, state schools and Bureau of Indian Education institutions. CES needs to make certain your staff is those with the highest morals. State what is included in the background checks of your employees and indicate what drug screening you perform. Any staff member who is to be a part of this contract that has been terminated from a professional position within the past seven (7) years must provide information about the termination. CES reserves the right to approve and/or reject any staff member

- assigned by the offeror to work the contract based on the information submitted. Contractor agrees to update the qualifications brief of staff members assigned on a yearly basis. For new staff members to be assigned to the contract, the offeror will provide all of the above information prior to appointment to the contract.
- p. Indicate the professional education seminars or meetings on auditing, accounting and regulations directly related to state and local government audits and CES that your staff plans to attend. (2.2.2.14 A NMAC)
 - q. The State Auditor shall approve contracts only with IPAs who have submitted a complete and correct firm profile that has been approved by the State Auditor Office and who has complied with all the requirements of 2.2.2 NMAC Requirements for Contracting and Conducting Audits of Agencies (2.2.2.8 A NMAC).
 - r. An offeror who has been recommended for award to the State Auditor Office for a contract with a value of \$50,000 or less for a total of three years will be required to submit a campaign contribution disclosure form (2.2.2.8 B (2) NMAC)

E. LISTING OF GENERAL TERMS AND CONDITIONS:

For the purposes of this REQUEST FOR PROPOSALS, the following terms shall be defined as indicated below.

Acceptance of Delivered Services: CES will be the sole determining judge of whether materials and services delivered under the contract satisfy the requirements as identified in the contract order.

Amendment of Offer: An offer can be amended up to the time of opening by submitting a sealed letter to the place indicated on the front of the response to this RFP.

Announcement of Successful Offeror: Selection will be made via written communication to successful offeror.

Applicable Law: This contract will be governed by the laws of the State of New Mexico, both as to interpretation and performance. Suits pertaining to this contract can be brought only in courts in the State of New Mexico. Offerors doing business with CES must be in compliance with the Federal Civil Rights Acts of 1964 and Title VII of that Act, Rev. 1979. All work under this contract will be done in strict accordance with the most recent edition of any relevant regulation, standard, document or code that relates to these laws. Where conflict among the requirements or with these specifications exists, the most stringent requirement will be used. The requirements of 2.2.2 NMAC Audit Rule 2009 shall apply.

Arbitration: This contract is subject to arbitration to the extent required by the New Mexico Procurement Code.

Assignment: No right or interest in this contract will be assigned or transferred by the contractor without prior written permission by CES, and no delegation of any duty of the contractor will be made without prior written permission by CES. CES will not

unreasonably withhold approval and will notify the contractor within fifteen (15) days of receipt of written notice by the contractor.

Audit Rights: In accordance with applicable New Mexico law, the contractor's books and records related to this contract may be audited at a reasonable time and place.

Authority: This RFP, as well as any resultant agreement, is issued under the New Mexico Procurement Code, 2.2.2 NMAC Audit Rule 2009, CES Board Policies and CES Procurement Guidelines.

Best and Final Offer: After initial receipt of proposals, CES reserves the right to conduct discussions with responsible offerors who submit responsive proposals.

Billing: All invoices will be from the contractor to CES and will list the purchase order number issued by CES.

Bribes, Gratuities and Kickbacks: Sections 13-1-191 and 13-1-198 Procurement Code, NMSA, 1978 prohibits bribes, gratuities and kickbacks, and provides for criminal prosecution for the violation thereof.

Upon receipt of a written Notice of Concern, the offeror will have ten (10) days to provide a satisfactory response in writing to CES. Failure on the part of the contractor to satisfactorily respond can result in CES canceling the contract.

Captions, Headings, and Illustrations: The captions, headings and subheadings in this RFP are for convenience, enjoyment, and ease of perusal only and in no way define, limit, or describe the scope or intent of the request.

Certification: By signature in the offer section of the offer page, the contractor certifies:

1. The submission of the offer did not involve collusion or other anti-competitive practices.
2. The contractor will not discriminate against any employee or applicant for employment in violation of Federal and State Laws (see Federal Executive Order 11246).
3. The contractor has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gratuity, special discount, trip, favor, or service to a public servant in connection with the submitted offer.

Christian Doctrine: Any clause required by rule or regulation to be included in this contract will be read as if in this contract, whether or not physically included.

Clarification: As used in the RFP, clarification means communication with a contractor for the sole purpose of eliminating minor irregularities, informalities or apparent clerical mistakes in the proposal. It is achieved by explanation or substantiation, either in response to an inquiry by CES, or as initiated by the contractor. Unlike "Discussion" (see below),

clarification does not give the offeror an opportunity to revise or modify its proposal, except to the extent that correction of apparent clerical mistakes results in a revision.

Competitive Range: Since CES often receives many proposals for one solicitation, it may be necessary to establish, as part of the evaluation process, a competitive range of acceptable proposals for the purpose of further discussions. Proposals not in the competitive range are unacceptable and not considered further.

Competitive Sealed Proposals: As required in the 2.2.2 NMAC Audit Rule 2009, solicitations shall be through a competitive, sealed, qualification-based Request for Proposals method of procurement (2.2.2.8 B(3) NMAC).

Confidential Information: If an offeror believes that any part of its proposal should be withheld from public inspection, a statement advising CES of this fact will accompany the submission. The CES Executive Director will review the statement and will determine in writing whether the information will be withheld. If the Executive Director determines that the information should be disclosed, the offeror will be informed in writing of such determination, and should the offeror object in writing within five (5) days after notification thereof, no disclosure will be made and the proposal may be rejected.

Contract: Any agreement for the procurement of items audit services awarded as a result of this solicitation. The Letter of Engagement and other documents associated with the award by the Office of the State Auditor are part of the contract.

Contractor: Offeror who has been awarded contract for delivery of material goods or completion of services in response to this document

Contractor Invoice: Contractor will invoice CES after delivery of goods and/or services.

Contractor Payment: CES will issue payment to contractor according to 2.2.2.8 I (3) of 2.2.2 NMAC Requirements for Contracting and Conducting Audits of Agencies.

Cost of Proposal Preparation: CES will not reimburse the cost of developing, presenting or providing any response to this solicitation.

Disclosure: Offerors submitting proposals will disclose any and all owners, contractors or employees who are active employees of CES or are immediate relatives of an employee of CES.

Discussions: Discussions occur when oral or written communications between CES and the offeror are conducted for the purpose of minor clarifications involving information essential for determining the acceptability of a proposal or that provides the offeror an opportunity to revise or modify its proposal. CES will not help an offeror bring its proposal up to the level of other proposals through discussions. CES will not disclose technical information pertaining to a competing proposal. CES will neither indicate to an offeror a cost or price that it must meet to obtain further consideration, nor will it provide any information about

other offerors' proposals or prices. CES is willing to discuss with an offeror, having a proposal in the competitive range, any weaknesses, excesses, or deficiencies in its proposal.

Exculpatory Provisions: All parties to this contract agree to save harmless one another from simple negligence.

Force Majeure: Except for payments of sums due, neither party shall be liable to the other nor deemed in default under this contract, if and to the extent that such party's performance of this contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence, including, but not limited to, the following: acts of God; acts of the public enemy; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; earthquakes; famine; volcanic eruptions; meteor strikes; lockouts; injunctions-intervention-acts or failures or refusals to act by government authority; and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence. The force majeure shall be deemed to commence when the party declaring force majeure notifies the other party of the existence of the force majeure, and shall be deemed to continue as long as the results or effects of the force majeure prevent the party from resuming performance in accordance with this agreement. Force majeure shall not include late deliveries of software or materials caused by congestion at a manufacturer's plant or elsewhere, an over-sold condition of the market, inefficiencies and poor management practices, or similar occurrences. If either party is delayed at any time by force majeure, then the delayed party shall notify the other party in writing of such delay within 48 hours.

Indemnification: Contractor shall indemnify, defend and save harmless CES for any and all claims, demands, suits, proceedings, loss, cost and damages of every kind and description, including any attorney's fees and/or litigation expenses which may be brought or made against or incurred by CES on account of loss or damage to any property or for injuries to or death of any person, caused by, arising out of, or contributed to, in whole or in part, by reasons of any act, omission, profession error, fault, mistake, or negligence of contractor, its employees, agents, representative, or subcontractor, their employees, agents, or representative in connection with or incident to the performance of this agreement, or arising out of Worker's Compensation claims, Unemployment Compensation claims, or Unemployment Disability Compensation claims of employees of contractor, and/or its subcontractors or claims under similar such laws or obligations. Contractor's obligation under this section will not extend to any liability caused by the sole negligence of CES or its employees.

Inquiries: Any question related to the RFP will be directed to CES. Submit all questions about the RFP in writing to Cooperative Educational Services, Max Luft, Executive Director. Replies will be made to all who have received this RFP, as addenda, and will become part of the proposal documents. CES may require any and all questions to be submitted in writing. Any inquiries related to this RFP should not have the solicitation number on the envelope, since it might then be confused with a sealed proposal response and not be opened until the due time and date. Inquiries may be faxed or sent by e-mail to mluft@nmedu.org.

Late Offers: Late offers will not be considered and will be returned, upon request, unopened.

Legal Remedies: All claims and controversies will be subject to the New Mexico Procurement Code and 2.2.2 NMAC Audit Rule 2009.

Member: Any public educational institution within the State of New Mexico that has, by their board resolution, resolved to become a party of the Joint Powers Agreement and has been approved for membership by CES' Board of Directors and the New Mexico Department of Finance and Administration.

Money: All transactions are payable in U.S. currency only.

Multi-Term Contract: A contract having a term longer than one (1) year.

Negotiations: Where there is not competition that would result in a better contract, negotiation may be conducted until a detailed agreement is reached.

Non-Responsive Offer: Any offer that does not conform to the mandatory or essential terms, conditions and/or specified requirements for this solicitation is considered non-responsive.

Notation: If the original contractor sells or transfers all assets or the entire portion of the assets used to perform this contract, a successor in interest must be approved by the Office of the State Auditor and guarantee to perform all obligations under this contract. CES reserves the right to accept or object to the new party, with the original contractor being obligated if the new party fails to perform. A simple change of name agreement will not change the contractual obligations of the contractor.

Notice: Notices under this contract will be in writing and will, for all purposes, be deemed to have been fully given when sent by registered or certified mail, return receipt requested, postage prepaid, properly addressed to the respective parties as specified herein or at such other address as may be specified by either party from time to time.

Offer Acceptance Period: In order to allow opportunity to evaluate the proposals offered, CES requires that an offer in response to this solicitation be valid and irrevocable for ninety (90) days after opening time and date.

Parol Evidence: This contract represents the final written expression of agreement. All agreements are contained herein, and no other agreements or representations that materially alter it are acceptable.

Prime Contractor: For the purpose of this solicitation, a contractor will be considered a prime contractor and not a subcontractor. Any contractor paid directly by the buyer is a

prime contractor; a subcontractor is paid by another contractor. Prime contractors using subcontractors are responsible for all actions of their subcontractors.

Progress Payments: CES will permit its members to make progress payments on purchased services in accordance with 2.2.2 NMAC Audit Rule 2009.

Project Director: The contractor will assign a project director to coordinate operational activities with the Executive Director of CES and shall make mutually agreeable periodic reports to the Executive Director.

Protests: Protests will be filed and resolved in accordance with the State of New Mexico Procurement Code. Venue for any and all legal actions regarding or arising out of the transactions covered herein shall be solely in the District Court in and for the County of Bernalillo, State of New Mexico. The laws of the State of New Mexico will govern this RFP and resulting transactions.

Provisions Required by Law: Each and every provision of law and any clause required by law to be in the contract will be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon application of either party, the contract will forthwith be physically amended to make such insertion or correction.

Public Record: All proposals submitted in response to this invitation will become the property of CES and be a matter of public record available for review, subsequent to the award notification, under the supervision of the Executive Director of CES from 9:00 a.m. to 4:00 p.m., Monday through Friday, at 4216 Balloon Park Road NE, Albuquerque, New Mexico.

Request for Proposals or RFP: All documents, including those attached or incorporated by reference, which are used for soliciting proposals.

Responsible Offeror: An offeror who submits a responsive proposal and who has furnished, when required, information and data to prove that his financial resources, production or service facilities, personnel, service reputation and experience are adequate to make satisfactory delivery of the services described in the proposal.

Responsive Proposal: An offer which conforms in all material respects to the requirements set forth in the Request for Proposals. Material respects of a request for a proposal include, but are not limited to, price, quality, quantity or delivery requirements.

Right to Assurance: Whenever one party to this contract in good faith has reason to question the other party's intent to perform, it may demand that the other party give a written assurance of this intent to perform. In the event that a demand is made and no written assurance is given within ten (10) days, the demanding party may treat this failure as an anticipatory repudiation of the contract.

Severability: The provisions of this contract are severable to the extent that any provision or application held to be invalid will not affect any other provision or application of the contract, which may remain in effect without the invalid provision or application.

Smoking: All contractors and subcontractors must adhere to local smoking policies when inside a building working on this contract. Smoking will only be allowed in posted areas or on premises where permitted.

Specifications: All Scope of Work specifications in this RFP are designed to enable an offeror to satisfy a requirement for a product, material, process or service. A specification may be expressed as a standard, a part of a standard or independent of a standard. No specifications are intended to unnecessarily limit competition by eliminating items capable of satisfactorily meeting the actual needs of the procurement. Any offeror believing a specification is unnecessarily restrictive who submits a proposal must indicate such in its initial response.

Suspension or Debarment Status: If any firm, business, person or offeror submitting an offer has been debarred, suspended or otherwise lawfully precluded from participating in any public procurement activity with any federal, state or local government, the offeror must include a letter with its response or offer setting forth the name and address of the public procurement unit, the effective date of the suspension or debarment, the duration of the suspension or debarment and the relevant circumstances relating to the suspension or debarment. Any failure to supply such a letter, or to not disclose in the letter all the pertinent information, shall result in the cancellation of any contract. By signing the offer section, the offeror certifies that no suspension or debarment exists.

Taxes: Prices offered will not include applicable state and local taxes. All applicable taxes must be listed as a separate item on all invoices and will be paid by the educational agency issuing the purchase order to CES.

Term of Contract and Extension: The term of the agreement will commence on award and continue until June 30, 2010, unless terminated, canceled or extended. By mutual written agreement, the contract may be extended for Two (2) additional 12-month periods, ending on June 30, 2011 and June 30, 2012. CES may require a contractor to respond to a new RFP rather than extend a contract secured under this RFP.

Termination of RFP: The Request for Proposals (RFP) in no manner obligates CES to the eventual purchase of any product or service described or which may be proposed, until confirmed by a written Acceptance of Offer and Contract Award. Progress toward this end is solely at the discretion of CES and can be terminated without penalty or obligation at any time prior to the signing of a contract. CES reserves the right to cancel this RFP at any time and for any reason and to reject any or all proposals.

Token Offer: If any offeror submits a perfunctory offer with no serious intent of being accepted, CES reserves the right to remove the offeror from its potential contractor's list. If

an offeror wishes to remain on the contractor's list, either a no response or a request to remain on the list is all that is needed.

Withdrawal of Offer: An offeror can withdraw its proposal, provided such written notice is received at the CES office prior to the specified due date and time.

Commencing on Monday, May 25, 2009, proposals will be reviewed by the Executive Director and a committee designated by the CES. Tentative notification to all respondents will be made by Friday, May 29, 2009.

D. EVALUATION FACTORS

To qualify for evaluation, a proposal must be responsive, must have been submitted on time, and materially satisfy all mandatory requirements identified throughout the RFP. To be considered responsive, a proposal must reasonably and substantially conform to all of the specified requirements in the RFP in the judgment of the evaluation committee. Any deviation from requirements indicated herein must be stated on an attached sheet(s). Otherwise, proposal will be considered in strict compliance with all requirements, and any successful offeror will be held responsible thereto. Deviations or exceptions stipulated in offeror responses, while possibly necessary in the view of a particular offeror, can result in a penalty assessment being assigned during the evaluation process. Language to the effect that the offeror does not consider this proposal to be part of a contractual obligation will result in that offeror's proposal being disqualified. Due to the unpredictable nature of what any particular offeror may wish to stipulate with regard to exceptions, exclusions or limitations of liabilities, offerors are forewarned that CES reserves the right to assign any penalties it considers warranted. Terms of the RFP that any offeror considers particularly unwarranted, and to which that offeror would have to take significant exception in its response, should be stated clearly and concisely in the proposal as exceptions and/or deviations.

In order to obtain the most favorable price and support for member schools, CES reserves the right to enter negotiations with responsible offerors (see also Best and Final Offer, Section I.E, page 12).

F. SPECIAL NOTICE TO INDEPENDENT PUBLIC ACCOUNTANT OFFERORS

CES regularly publishes RFPs as a part of its procurement efforts. In an effort to have independent public accountant offerors learn the CES procurement process, CES has chosen to modify its standard RFP rather than create an abbreviated RFP solely for the audit. There may be instances when items do not relate to the audit process. Included in the RFP are references to providing software and other materials. This is not an oversight, but a realization that innovative, forward-thinking offerors may include these types of items in their price to assist CES to monitor its financial accounting practices.
