Question:

On page 7 of the RFP Tab 3: lists "Terms and Conditions (copy of each page in order)." Do you want the pages 11-30 of the RFP copied and inserted, or is there another source for that? We have the same question for Tab 5: "Categorical Terms and Conditions"

Background:

RFP 2007-006 Section I: Instructions to Offerors, Item 3: Contents of Proposal, Page 7.

Tab 3: General Terms and Conditions

- Terms and Conditions (copy of each page in order)

Tab 5: Category

- Categorical Terms and Conditions page(s) only for your category (copy of each page in order)

CES Response:

As the respondents prepare their response to a CES solicitation, they are preparing the contract document that will be utilized to execute and implement with CES and its members. Therefore, in response to the question asked, YES the respondent needs to insert copies of the Listing of

General Terms and Conditions, pages 11 through 30 behind Tab 3. Likewise, the appropriate Categorical information for the category in which they are responding needs to be placed behind Tab 5.
