Presented by Shelene Harrelson, MA. ECED, Early Childhood TAP Consultant

Join us for a professional development session on Read Alouds in early childhood using the Three-Read Process from Structured Literacy. This session will highlight language supports that benefit both special education and general education children in the preschool classroom. Participants will learn how to select high-quality books, intentionally develop vocabulary, and design questions that promote meaningful read-aloud interactions. We will also explore ways to embed developmentally appropriate writing to deepen comprehension and engagement during read-alouds.

- Selecting books and text for engagement and language
- How to select vocabulary
- Instruction of vocabulary using evidence-based strategies
- Development of questions to support Read Aloud
- Engaging Read Alouds
- Developmentally appropriate writing to support comprehension

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
