Tuesday, April 28, 2026
8:30-11:30 or 12:00-3:00

Presented by Dr. Neily Snook, National Board-Certified Teacher | TAP Consultant

Twice exceptional (2e) learners possess exceptional strengths alongside significant areas of need, and often, one masks the other. This session offers practical strategies for accurately identifying and effectively supporting students whose advanced abilities coexist with learning, attention, or social-emotional challenges.

- ✦ Identify key characteristics and common *misconceptions* of 2e learners
- ✦ **Recognize** how strengths and challenges mask one another
- ✦ Strengthen *identification* and evaluation practices
- ✦ Develop IEPs that nurture *strengths* and address *needs*
- ✦ Support *executive functioning* and social-emotional growth
- ✦ Improve *collaboration* across gifted, general, and special education

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
