More than a Tool: The Transformative Potential of the MLSS Self-Assessment

Wednesday, April 29th, 2026

8:30-11:30 or 12:00-3:00

Presented by Christopher Vian, MLSS Tap Consultant

The MLSS Self-Assessment is often treated as a compliance checklist, yet its true value lies in its potential to transform systems. This session explores how schools can use the MLSS Self-Assessment as a strategic reflection tool to improve equity, strengthen Layer 1 instruction, and identify opportunities for talent development, intervention, and culturally responsive practices.

Grounded in the New Mexico educational landscape—including connections to **Martinez/Yazzie educational equity goals and culturally sustaining instruction**—this presentation will demonstrate how the MLSS Self-Assessment can guide collaborative decision-making, strengthen instructional alignment, and improve outcomes for diverse learners.

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
