Aligned for Success:

Present Levels, Annual Goals, and Progress Monitoring in New Mexico IEPs

Tuesday, October 20, 2026

8:30 - 11:30 AM or 12:00 - 3:00 PM

Presented by Leigh Adams-Emanuel, M.A., TAP Consultant

This professional development session is designed to strengthen participants' ability to develop high-quality, compliant, and student-centered Individualized Education Programs (IEPs). Participants will learn how to create a clear line of alignment from Present Levels of Academic Achievement and Functional Performance (PLAAFP) to measurable annual goals and meaningful progress monitoring. Through practical examples, guided practice, and New Mexico-specific requirements, attendees will gain strategies to write IEPs that accurately reflect student needs, drive instruction, and clearly document student progress.

- Explain the relationship between Present Levels, measurable annual goals, and progress monitoring.
- Write Present Levels that accurately describe a student's current performance and educational needs.
- Develop measurable annual goals that directly address identified needs.
- Select appropriate methods for monitoring and reporting student progress

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
