VENDOR LISTING OVERVIEW

The following pages list CES Procurement Partners who have responded to and received an award for a public solicitation for goods and services to meet our Members and Participating Entities needs. Procurement Partners may have been awarded on one or more solicitations and, therefore, may have more than one contract listed. Awarded Procurement Partners are listed in alphabetical order and the following information is provided for each:

- Company Name
- Primary Company Address
- Contact information for the individual identified as the sales representative, including telephone and toll free numbers, fax number, email address and company web site, if available.
- Contract listing, which includes the contract number and description of solicitation. The following make up the contract number:

![New Contract Numbering System Diagram]

- Procurement Partners who have been awarded contracts to only provide their products and services in an identified CES Procurement Region will be indicated in the contract description, i.e. (Region 4). If no notation is made, they have been awarded all regions.
- General Procurement Partner overview providing a brief summary of the Procurement Partners’ areas of expertise.

For updated Procurement Partner and awarded contract information please call your designated Member Service Representative. (MSR contact information can be located on the back cover of the Bluebook)

ADDITIONAL SERVICES PROVIDED BY CES

In addition to procurement, Cooperative Educational Services provides a full range of services to support its Members and Participating Entities. These include:

- Ancillary Services (SLP, OT, PT, RT, SW, Psychologist, Diagnostician)
- Supplemental Employee Benefits
- Online Teacher Placement (NMREAP)
- Professional Services
- In-Service Training
- Annual Facility Managers’ Training Workshop
- Annual Educational Symposium
- Medicaid Third-Party Billing for School-Based Health Services
- Needs Assessments
- SITE Training
New Mexico is a large state geographically. For this reason, CES has divided the state into eight (8) procurement regions. CES asks respondents to solicitations to indicate in their response to which of these procurement regions of the State they wish to provide services. The eight procurement regions are described below:

**Region One (1)** – Aztec, Bloomfield, Central, Dulce, Farmington, Gallup-McKinley and Zuni School Districts; Navajo Preparatory School, Pine Hill Schools, San Juan College, Shiprock Associated Schools, and University of New Mexico - Gallup Branch

**Region Two (2)** – Chama Valley, Cuba, Española, Jemez Mountain School, Los Alamos, Mesa Vista, Pecos, Peñasco, Pojoaque Valley, Questa, Santa Fe and Taos School Districts; New Mexico School for the Deaf, Northern New Mexico College, Santa Fe Community College, Santa Fe Indian School, University of New Mexico - Los Alamos Branch and University of New Mexico – Taos Branch

**Region Three (3)** – Cimarron, Clayton, Des Moines, Las Vegas City, Maxwell, Mora, Mosquero, Raton, Roy, Santa Rosa, Springer, Wagon Mound and West Las Vegas School Districts; Luna Community College and New Mexico Highlands University

**Region Four (4)** – Albuquerque, Belen, Bernalillo, Estancia, Grants-Cibola, Jemez Valley, Los Lunas, Magdalena, Moriarty-Edgewood, Mountainair, Quemado, Rio Rancho, Socorro and Vaughn School Districts; Alamo Navajo School, New Mexico CYFD, New Mexico Institute of Mining and Technology, New Mexico State University at Grants, University of New Mexico and University of New Mexico - Valencia Campus

**Region Five (5)** – Clovis, Dora, Elida, Floyd, Fort Sumner, Grady, House, Logan, Melrose, Portales, San Jon, Texico and Tucumcari School Districts; Clovis Community College, Eastern New Mexico University and Mesalands Community College

**Region Six (6)** – Artesia, Carlsbad, Dexter, Eunice, Hagerman, Hobbs, Jai, Lake Arthur, Loving, Lovington, Roswell and Tatum School Districts; Eastern New Mexico University-Roswell, New Mexico Junior College, New Mexico Military Institute and New Mexico State University at Carlsbad

**Region Seven (7)** – Alamogordo, Capitan, Carrizozo, Cloudcroft, Corona, Hondo Valley, Ruidoso and Tularosa School Districts; Mescalero Apache School, New Mexico School for the Blind and Visually Impaired and New Mexico State University at Alamogordo

**Region Eight (8)** – Animas, Cobre, Deming, Gadsden, Hatch Valley, Las Cruces, Lordsburg, Reserve, Silver and Truth or Consequences School Districts; New Mexico State University and Western New Mexico University

Note: CES utilizes the public school district service areas to identify each of its procurement regions. Other public educational institutions such as charter schools, community colleges, colleges and universities, BIE schools and Participating Entities are considered to be in the region of the public school district where their institution is physically located. A listing of CES Members and Participating Entities may be viewed by going to www.ces.org.
What is the process for ordering through CES?

Select Procurement Partner (Vendor) from CES Blue Book;

Contact Procurement Partner and request quote;

Create Purchase Order (PO) to CES, referencing selected Procurement Partner; and

Send PO and quote to CES.

CES will check pricing against our contract, verify all required paperwork has been received from Procurement Partner and issue PO to Procurement Partner from CES.

Procurement Partner will provide services to Entity and will invoice CES.

CES will invoice Entity.

Entity will pay CES.

CES will pay Procurement Partner.

For any other questions regarding doing business with CES, please contact our Business Office (505) 344-5470 or your Member Service Representative.
Additional Purchasing Information

There are three ways to use CES’ Cooperative Procurement. 1) Select an appropriate Procurement Partners/Vendors listed in our Blue Book alphabetically by Vendor name, or the products, services, or construction listed in the Index as needed. 2) Order online directly with available Vendors that are listed in the ‘Online Ordering’ section below. These Vendors display a computer icon by their name in the Blue Book. 3) Food items can be purchased from our selected companies by issuing a blanket purchase order to CES and then ordering directly from the food vendor.

**CES SNAP**

*Online Ordering is a SNAP through CES*

CES now has a marketplace where you can log in, choose a vendor, shop and compare prices. Check out and be invoiced directly by the vendor. Get started today! Contact Robin Strauser or Lori O’Rourke 505-344-5470.

- BSN Sports
- CDWG
- Imagine Learning
- Jive Communications
- Kyocera
- Lakeshore Learning
- Mackin Educational Resources
- Midwest Technology
- MNJ Technologies
- National Business Furniture
- Quill
- School Nurse Supply
- School Specialty
- SHI
- Staples Advantage
- Technology Integration Group (TiG)
- Troxell Communications

**Online Ordering**

CES’ online procurement option allows its Members/Participating Entities to place orders with selected vendors for school, office, art, science, janitorial, industrial, maintenance and computer supplies, computer equipment, printers, accessories, software, A/V equipment, etc., in a faster and easier way than through the traditional procurement method! CES Members/Participating Entities can go online and order directly from designated online vendors. If you want to use this option you will need to contact the vendor to get set up on their system under the CES contract.

Orders are processed and shipped through their regular channels. The vendor will invoice your organization directly. (Note: The CES administrative fee is included in the invoice price.) The following are the current CES authorized online vendors. Please contact the vendor’s sales representative for details.

- Officewise Furniture and Supply
- BSN Sports/Sports Supply Group
- CDWG LLC
- Childcraft Education Corp – School Specialty
- Frey Scientific – School Specialty
- Sax Arts & Crafts – School Specialty
- School Outfitters
- Sportime, LLC – School Specialty
- Staples
- Troxell Communications
Food Purchasing

Utilization of the food contract from CES eliminates the administrative functions and time required for bid preparation, solicitation, advertisement, evaluation and award process while leveraging the purchasing power of cooperative procurement. It reduces the time required by a food service director or manager to perform these functions, resulting in time and labor savings for our members. The ultimate goal of CES Food Procurement is to provide to its Members and Participating Entities the opportunity to acquire quality food at the best possible cost.

Food contracts are for an initial one-year period with 90-day price adjustments, contract expiration and any extensions are specified in the applicable RFP; additionally, milk prices are adjusted monthly and produce prices are adjusted weekly. Bid items reflect the needs and wants of the end user – the Members’ food service department. Nutritional data is supplied by the vendor to CES and is available for any of the Members in preparation of nutritional data books required by the USDA Student Nutrition Meal Programs.

Participating Entities

In accordance with the terms and conditions of its JPA, CES Board Policies and the New Mexico Procurement Code, CES has established another group of user agencies called “Participating Entities,” utilizing a cooperative purchasing agreement. This agreement allows local public bodies and public agencies to take advantage of CES’ cooperative purchasing program. There is no application fee for the entity; no annual membership fee for the entity; and there is a 1.25% administrative fee embedded in the vendor’s contract price.

The CES JPA provides for cooperative procurement in accordance with the New Mexico State Procurement Code 13-1-135 NMSA 1978. The procurement code authorizes local public bodies and state agencies to take advantage of cooperative procurement through the CES JPA. While membership in the JPA is limited to public educational institutions, the Board Policy provides for non-member Participating Entities to use CES’ programs. The following entities are allowed to enter into a Participating Entity agreement with CES.

A. Federal Agency [25 USC 3001 (4)] is defined as any department, agency, or instrument of the United States, any executive department, military department, government corporation, government-controlled corporation, or other establishment in the executive branch of government, including the Executive Office of the President or any independent regulatory agency established through legislative and/or administrative action.

B. State Agency [13-1-90 NMSA 1978] is defined as any department, commission, council, board, committee, institution, legislative body, agency, government corporation, educational institution or office of the executive, legislative or judicial branch of the government of this state. “State Agency” includes the purchasing division of the General Services Department (GSD) and the state purchasing agent, but does not include local public bodies.

C. Local Public Body [13-1-67 NMSA 1978] is defined as a political subdivision of the state and its agencies, instruments and institutions thereof, including: two-year post-secondary educational institutions, school districts and local school boards and municipalities, except as exempted pursuant to the Procurement Code [13-1-28 NMSA 1978]

D. Non-Profit, Non-Public Educational Institutions and other Non-Profit Organizations (Section 501(c)(3) of the Internal Revenue Code, Federal Tax Code) is defined as charitable, religious, educational, public service, support and scientific organizations, entities, corporations that qualify as exempt organizations under Section 501(c)(3) of the Internal Revenue Code, or corresponding section of the Federal Tax Code.
LEGAL AUTHORITY

The Procurement Code (Sections 13-1-98.A and 13-1-135) states that Cooperative Procurement is authorized and exempt from the Procurement Code as stated below:

Any state agency or local public body may either participate in, sponsor or administer a cooperative procurement agreement for the procurement of any services, construction or items of tangible personal property with any other state agency, local public body or external procurement unit in accordance with an agreement entered into and approved by the governing authority of each of the state agencies, local public bodies or external procurement units involved (11-1-1 to 11-1-7 NMSA 1978).

CES is formed by the Revised and Amended Joint Powers Agreement to Establish an Educational Cooperative (JPA), which specifically authorizes cooperative procurement. Every public-school district in the State, as well as many universities, two-year colleges, charter schools, BIE schools, and state educational institutions, are parties to the JPA as entered by the governing body of each party. Membership is open to all public educational institutions in New Mexico. Each Member receives a copy of the JPA, CES Board Policy, and CES Procurement Guidelines.

WAIT!

YOUR INPUT COUNTS! CES issues several multi-category RFPs each year to make procurement easier and more cost-effective for its Members and Participating Entities. The categories CES specifies in its solicitations are, in part, a product of input received from our Members and Participating Entities. If something you are looking for is not listed in the CES Blue Book, please call us. CES will make every effort to include your requested products and services in its RFP cycle. Remember that purchasing utilizing CES contracts streamlines your procurement process and provides you with legal compliance, lower prices, and saves invaluable time. The more our Members/Participating Entities use CES contracts, the more purchasing power CES gains in obtaining better future discounts from vendors for our Members.

EVALUATION COMMITTEE

CES invites and encourages its Members and Participating Entities to participate in the CES solicitation process. This allows the end users to have a say in the types and levels quality of products and services offered as well as the vendors that are awarded contracts through CES’ procurement program. If you are interested in volunteering to serve on an evaluation committee, or would like more information, please let us know by contacting CES’ procurement office.

OTHER SOURCES OF VENDORS

TexBuy External Procurement Agreement: Cooperative Educational Services (CES) has an External Procurement Agreement with Region 16 Education Service Center (TexBuy), located in Amarillo, Texas. This allows vendors under TexBuy contracts to supply products or services to schools in both states at the same cost. Through this Agreement, CES Members get the volume discount afforded by combining all Member institutions’ purchasing power in both states.

AEPA: Twenty-seven educational service agencies across the United States have joined together to form the Association of Educational Purchasing Agencies (AEPA) to produce one collective Invitation for Bid (IFB), in selected categories, each year. From this IFB, a potential vendor prepares one response for approval by AEPA and award by Members may be used throughout the country. Through this single IFB, selected vendors are then able to provide their products and services to agencies serving more than 22 million students.
# CES CONTRACT SUMMARY

The chart below shows when existing contracts will next be considered for renewal and their expiration dates. Contracts are renewed according to specific criteria. This chart is for informational purposes only, and CES may re-bid contracts or cancel vendors in its best judgment. Contact the CES procurement office for up-to-date information on solicitations.

</table>
Award Extension Criteria

The CES/AEPA awards are for one year that may be extended up to three (3) additional one-year periods, for a total of four (4) years.

The CES JOC (Job Order Contracting) construction contracts are awarded for a one-year period that may be extended up to two (2) additional one-year periods for a total of three (3) years, or not-to-exceed $10,000,000, whichever occurs first.

The CES Architectural/Landscape Architectural/Engineering/Surveying contracts are awarded for a one-year period that may be extended up to three (3) additional one-year periods or not-to-exceed $6,000,000, whichever occurs first.

It is CES’ policy not to renew a contract if:
- After each year, the vendor has a dollar volume of less than One Thousand Dollars ($1,000) or less than four (4) purchase orders.
- The vendor’s products or services do not meet standards expected by CES Members and Participating Entities.
- The vendor’s products and/or services are the subject of two (2) unresolved written complaints from CES Members or Participating Entities.
- The vendor has violated one or more Terms and Conditions of the award.
- CES has decided to re-bid this category and no contracts are being extended.

AdvancED | Measured Progress is a trusted partner to more than 40,000 educational institutions across the United States and in 70 other nations. We are a non-profit, nonpartisan organization that conducts rigorous, on-site reviews of schools and school systems to ensure that all learners realize their full potential. While our expertise is grounded in more than 100 years of work in school accreditation, we are much more than a typical accrediting agency. Our goal is to certify that schools are good enough; rather, our commitment is to help schools continuously improve. To that end, we provide unparalleled professional learning to educators in a variety of areas, including student engagement, school quality, leadership, and assessment services. With a staff of highly trained education professionals, we provide research-based training and consultation to measurably impact educator practice and student learning. For details, please visit: http://advanc-ed.measuredprogress.org/professional-services/.

16-04B-R123-ALL | RS Means – JOC Paving, Site Work, Earthwork, Concrete and Other Related Services Region 1 through 8

AUI Inc., a multi-disciplined and diversified contractor with distinguished design-build capabilities offers a wide variety of construction services including, but not limited to, structural concrete (bridges, culverts and paving) and non-structural concrete (sidewalks, curb and gutter), earthwork, asphalt paving, utility potholing, and utilities (water, sewer and storm drain). They are one of the leading trenchless technology providers in the southwest. With trenchless technology, utility lines can be replaced more quickly, with less disruption to the surrounding area, and often at a lower cost than traditional replacement. Visit [www.auiinc.net](mailto:www.auiinc.net).

17-024N-C105-ALL | Body Worn Cameras, Equipment, Supplies and Related Materials
We started small. Garage-small. Just two brothers and an inventor fueled by the desire to make the world a safer place. And then we grew, with hard work and that same drive, into an expansive technology company that delivers public safety's most trusted network of devices and apps. In April 2017 we changed our corporate name to Axon, after many years of operating as TASER International. Our mission to protect life endures, but we're going about it in new ways—with Smart Weapons that protect life in the moment of conflict, cameras that depict the truth and help prevent civil unrest, and automated reporting and evidence management that will triple the amount of time officers can spend serving their communities. Today, more than 17,000 law enforcement agencies in 100+ countries around the world are part of the Axon network. That sounds big, but we've never forgotten where we started, and the scrappy, garage-style pursuit of big goals continues to get us out of bed each day.

LED Lighting, Equipment, Supplies, Materials, and Installation  

AZ Insulation & Energy Solutions is a fairly new company which was incorporated in 2014. Its owners have a long history of energy conservation experience. Having worked for such companies as AMERESCO, Sylvania and Arizona Public Service. Our company has specialized in the smaller market which includes small to medium sized schools, hospitals, care facilities and local governments. We self-perform all of own lighting installs, insulation and sub-contract out all of the mechanical system upgrades. We have aligned ourselves with top manufacturing products in the industry to provide the best products for the best price.

Contract #: 19-05N-C104-ALL Solicitation Type / Category Description RFP C - Staff Development and Training Services

Bloomboard offers two sets of tools and resources to help teachers grow: (1) An online platform to facilitate the educator observation and evaluation process (www.edreflect.com) and (2) An online platform offering competency-based professional development programs with micro-credentials to improve instructional practices, content knowledge, and classroom management skills (www.bloomboard.com). Micro-credentials are modular, competency-based credentials for professional learning that recognize demonstrated mastery of skills and prior knowledge. Because micro-credentials address the achievement of competence at the individual skill level, they can be assembled into cohesive groups that equate to important distinctions in an educator’s career, such as qualification for compensation and/or career advancement, even formal certifications and licensing.

17-033N-C311-ALL Packaged and Licensed Educational and Training Software
17-033N-C322-ALL Instructional Management System

Imagine Learning, Inc., is proud to offer schools and districts high-quality language, literacy, and mathematics software programs. Imagine Language & Literacy is an award-winning, adaptive English language and literacy program that teaches essential reading and speaking skills through thousands of engaging activities. First-language support is provided in fifteen languages. Imagine Español teaches Spanish language literacy to students in pre-kindergarten through first grade. The program takes a balanced literacy approach, applied with correct modeling and sufficient practice, and includes authentic music and art to help students discover strong cultural traditions. Imagine Learning’s mathematic software offerings, Imagine Math and Imagine Math Facts, teach standards-aligned, essential math skills in math fact
fluency and higher-order math skills through a high school level.

National Roofing Company (NRC) was founded in 1976, 41 years ago, by our present CEO, Tom Johns. We are a full service commercial roofing and waterproofing contractor. We provide a full range of building services for both the public and private sectors. We are the largest roofing contractor in the state of NM. We have two roofing divisions as well as a general contractor division. The two roofing divisions are the Service Division, and the New Construction and Reroofing Division. NRC also employs a staff architect who is involved when required. Supporting these divisions is an Estimating and Procurement Department. This enables us a unique perspective to planning, cost estimating, roof services and general contracting.

Wagner Equipment Co. is your Caterpillar dealer in Colorado, New Mexico and Far West Texas. Since 1976, Wagner sells and rents quality Cat machines used in heavy construction, building construction, mining, waste handling, paving, municipal and governmental applications, forestry, and more. We are a complete source for any size of equipment designed for top performance and dependability. Our quality products are backed by unequalled support. That’s what sets Wagner apart. We maintain numerous full service facilities throughout our territories, along with many Wagner Cat Rental Stores. Together with strategically located resident sales and service representatives, dozens of convenient parts drop boxes, and online parts ordering, we’re where you need us to be. Plus, with over 235 field service technicians, exceptionally large inventories of machines and replacement parts, and a commitment by all of us to meet and exceed your expectations, we’ll keep you up and running, making your organization as productive as it can be.
