

Managing Behavior in the Virtual Classroom

Live Virtual Webinar

Monday, September 14th from 8:30-11:30 AM

Presenter: David D'Antonio, M.A.
Technical Assistance Program (TAP) Consultant

Whether teaching in a physical classroom or online, classroom management is crucial for a productive environment. This virtual workshop will discuss strategies to enhance teaching in the virtual classroom. Topics include:

- Creating and maintaining structure and predictability
- Keeping students engaged in the learning
- Providing positive feedback and rewards
- Connecting and community building
- Individual plans for the hard to reach student

Complimentary!
