CDW·G and the Cooperative Educational Services Contract 18-015AN-A101-ALL

Get the most out of your network

Planning a network's power capacity and ensuring efficiency is a vital yet lofty step to virtualizing your organization's IT environment. But with CDW·G and Tripp Lite's No-Cost IT Infrastructure Assessment program, an experienced team of application specialists are ready to help implement an array of solutions, identify problem areas as well as opportunities to improve overall performance.

Tripp Lite's Assessment can:

- Define objectives and technical requirements
- Evaluate existing systems and infrastructure
- Examine systems to ensure they're correctly powered, protected and configured
- Plan airflow management and cooling
- Prepare for evolving IT requirements
- Manage servers and other devices from any location
- Help reduce operating costs
- Improve efficiency and availability
- Customize a solution to fit every application
- Easily integrate components with existing systems

Tripp Lite offers complete and innovative data center solutions like:

- Rack and cooling
- UPS systems and batteries
- Power distribution units (PDUs)
- KVM, Console and Management
- Cables and connectors

CDW·G and AEPA help educators expand students' potential with innovative tech from over 1,000 leading partners and bring it to you at a competitive price. **When you buy from CDW·G you get:**

- **A dedicated K-12 account team** that offers expert advice, installation and ongoing support via email, phone and the web.
- **A CDW·G account that provides customizable access** to product information, quotes, order status, asset and license management tools and more.
- **Extensive services** for design, installation, configuration, professional development, cloud and more.

To get started, contact your dedicated CDW·G account manager at **800.808.4239** or visit CDWG.com/aeapa.
