# Reward Systems and Response Plans For Any Classroom

**Wednesday, October 20<sup>th</sup>, 2021**

**Full day training, 8:30-3:30 pm**

Presented by David D'Antonio, M.A.

TAP Consultant

Why is it important for teachers to use a reward system and have a response plan? How do I set them up to maximize their effectiveness? What do I do when my system is not working the way I want it to? This training will answer these questions and more. Topics include:

- ✚ The different types of systems, their positives, and limitations
- ✚ How to best use positive reinforcement
- ✚ The cautionary tale of negative consequences
- ✚ Fine tuning your system

In small groups, participants will design these plans in a variety of classroom settings. This training is being presented in person at the beautiful new CES Training Center as well as virtually via Zoom. Activities are presented in both settings.
