Tuesday October 26, 2021
8:30 am-11:30pm 12:30-3:30pm

Certified Applied Behavior Analysis (ABA) & Trauma Support Specialist (CTSS),
former Registered Behavior Technician (RBT), Technical Assistance Program (TAP) Consultant

Participants will continue their journey learning about Self-Regulation in this five-part series. The physical mechanisms of self-regulation are found in the human nervous system, which is part of the biological domain. Continue to add proactive strategies to encourage a calm, alert and ready to learn environment from the biological domain. In this virtual live webinar, we will:

Design an Optimal environment for learning.

Recognize stress and learn numerous fun strategies to teach in your setting.

Learn Step 3 on how to reduce challenging behaviors.
