**This presentation will explore effective practices for transition program components, as well as help understand the Indicator 13 compliance review process for New Mexico. This PD is designed for professionals new to transition and transition planning through the IEP process, with detail to developing compliant IEPs.**

**Please note, this presentation is not only for Transition Service Providers. Addressing students transition needs is required under the Individuals with Disabilities Education Act (IDEA) no later than the first IEP to be in effect when the student turns fourteen (14) in the state of New Mexico. All IEP writers need to be aware of how to write an effective transition plan.**

A Survey will be posted in the chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
