Presented by Erin Gockel, M.Ed.

We know that each New Mexico student must be engaged in a culturally and linguistically responsive educational system that meets their social, emotional, and academic needs. How can teachers do this every day? And in a way that engages learners? This training presents a variety of strategies that educators can use the very next day to engage with each student in a meaningful way.

### Topics include:

-  **Student Centered Classroom Management**
-  **Reaching Reluctant Learners**
-  **Validating and Affirming New Mexico Students**

The training is relevant for anyone who works with students, specifically those who work with behavior management, interventions, discipline, and social emotional learning.

A Survey will be posted in the chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
