## Writing High Quality IEP Goals: Meaningful, Data Based, and Measurable

Tuesday, October 17, 2023

8:30-11:30 or 12:00-3:00

Presented by Chelsea Maher, M.Ed. TAP Consultant

High quality IEP goals are meaningful, data-based, and measurable. These form the core of a truly individualized education plan. Special educators need to be well informed and equipped to compose high quality IEP goals to best serve their students.

In this training, special educators will learn:

- + Define what makes a high-quality IEP goal!
- + How to discern what skills to include in IEP goals based upon data!
- + How to utilize the entire IEP team in meaningful goal setting!
- + Guided practice in identifying and writing meaningful, data-based, measurable goals!

A Survey will be posted in the chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
