One out of every five students between the ages of 12-18 has experienced bullying. Thirty-two percent of teenagers report being cyberbullied. Since the introduction of the smart phone mental wellness has skyrocketed. Become a resource for your students and empower them with tools to help end peer cruelty, build empathy, create safe and caring inclusive learning environments. In this live virtual presentation, we will learn how to develop a cyber bullying prevention program. Teachers, administrators and parents, will be provided resources they need to confidently address cyberbullying and other online safety topics. In addition, this presentation will include:

- Learn about Digital Citizenship
- Have access to simple to use tools to document bullying.
- Learn strategies to cultivate activism in your school.

Empower your students, staff and parents with Prevention Strategies!

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
