Holiday breaks are always highly anticipated by both teaching staff and students. The change from the predictable daily schedule to the unknown can trigger behaviors as the holiday break approaches. This session will expand your toolbox with trauma-informed practices for adults and students.

- ✚ Understand the effects of trauma on the brain.
- ✚ Become prepared for unpredictable melt down moments by creating a Zen Space.
- ✚ Strengthen awareness, communication and safety in your classroom environment.

The PM session is the same as the AM session. A Survey will be posted in the zoom chat at the end of the presentation. You must complete the survey to receive a Certificate of Completion. You can join the PM session if you miss part of the AM session.
