

Cell phone storage that keeps phones, and students, safe.

Cell phone restrictions and bans can help enhance student wellbeing and academic focus. But to enforce these policies, you need a smart, simple, effective solution for phone storage.

School Specialty offers a range of storage solutions that are all:

- Practical, flexible, and secure
- Ideal for classrooms, main offices, and school entrances
- Designed for easy access and distribution in the event of an emergency as they don't have external locking tools or require storage outside the room

Victor Vaultz Lockable Cell Phone Storage Locker

Item# 2222811

- Holds up to 32 devices for fast check-in and retrieval
- Vented metal back and air gaps between compartments prevent overheating during long class periods
- Solid front panel keeps phones hidden from view, supporting testing compliance and reducing temptation
- Aluminum and steel build with rubber corner pads for long-lasting durability and surface protection
- Integrated carry handle and wall-mount capability make it flexible for any classroom setup
- Perfect for classrooms, testing centers, tutoring spaces, and corporate training rooms

Victor Phone Storage with Mounting Hardware
